

Quicken for Windows Conversion Instructions

Web Connect

Introduction

As OCCU completes its online banking system conversion, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive.

To complete these instructions, you will need your OCCU Internet Banking user ID and password.

NOTE: **Web Connect** uses the same user ID and Password as OCCU Internet Banking.

You should perform the following instructions exactly as described and in the order presented. If you do not, your Quicken connectivity may stop functioning properly. This conversion should take 15–30 minutes.
